EXPERIENCE

Frontend Developer

Ersona

Feb 2024 - Present

Innovative startup specializing in AI-driven video creation and editing solutions.

- Collaborate with UX designers to implement intuitive and visually appealing interfaces.
- Create reusable UI components using React components in Next.js, ensuring consistency across the platform.
- Implement draggable elements for easy rearrangement of video segments, voice-overs, and text blocks.
- Work closely with back-end developers to integrate front-end components with server-side functionality developed in Python and Nest.js

Web Developer

Shakuf.Media

Dec 2018 – Oct 2019

- Developed and maintained one-page websites using WordPress and Elementor and implemented responsive design principles to ensure optimal user experience across various devices.
- Implemented SEO strategies to enhance website visibility and rankings, optimizing content, keywords, and meta tags for improved search engine performance.
- Collaborated with cross-functional teams to translate design concepts into functional websites and iteratively refined features based on feedback for optimal client satisfaction and project success.
